SECURITY AGENCIES COMPETENCY EVALUATION CHECKLIST: ELECTIVE COMPETENCIES

Name of Security Agency (SA)	
SA's Unique Entity Number	
Date of SA's Security Agencies Competency Evaluation (SACE) Notification Letter	
Date of Documents Submission by SA	
Date of Main Office Assessment	
Date of Deployment Site Assessment	
Number of security officers Based on PLRD's Records as of Date of SA's SACE Notification Letter	
Number of Deployment Sites Based on PLRD's Records as of the Date of SA's SACE Notification Letter	
Name of Assessor(s)	

Note:

- 1) For elective competencies, SAs with no deployment sites will not be assessed.
- 2) For Main Office and Deployment Site assessment, there shall not be any third parties present during the assessment. If the SA had hired a third party, eg, a consultant, to assist with SACE, he must not be present when the assessment is in progress. The assessors may terminate the assessment and invalidate the result, if such third parties refuse to leave the assessment site. The only exception to this would be for "E.2: Simulation Training".
- 3) For competencies whereby a stipulated minimum percentage of security officers or deployment sites is required (E.2, E.5, E.7, E.8 and E.9 refers), the minimum total number of security officers or deployment sites will be rounded up to the nearest whole number.

Example 1

The SA must send at least 10% of its total security officers (based on the number of SA's security officers in PLRD's records as of the date of notice of licence renewal) for the simulation training.

An SA with 47 security officers will be required to send at least 5 security officers for the training.

Example 2

SA has deployed wireless voice communications for 30% of the SAs' deployment sites (based on the number of SA's deployment sites in PLRD's records as of the date of notice of licence renewal).

An SA with 55 deployment sites will be required to have at least 17 deployment sites with wireless voice communications.

Training Category		
Competency		Outcome
E.1 : Continuous Professional Development		Competent
SA has a system to track the developmental training of its security officers for progunder the Security Progressive Wage Model (PWM)	gression	/ Not Competent
Main Office Assessment		
The SA's continuous professional development will be assessed by Assessors during massessment. SAs must minimally use a digital spreadsheet (e.g. Excel spreadsheet) to developmental training of its security officers' progression under PWM. Handwritten paper and/or photographs of handwritten records which were digitalised will not be accepted. must demonstrate the following components in their continuous professional developments.	track the r records The SA	
S/N Components	Y/N	
1 The SA has a system to track the following: a) Particulars of security officers b) Training records of security officers c) Effective date of current PWM grades held by the security officers d) Projected dates when each security officer is eligible for progression to the next higher PWM grade Assessor's Observation		

SECURITY AGENCIES COMPETENCY EVALUATION CHECKLIST: ELECTIVE COMPETENCIES

Training Category	
Competency	Outcome
E.2 : Simulation Training	Competent / Not
SA uses simulation training, namely virtual reality (VR), augmented reality (AR) and mixed reality (MR) to train its security officers.	Competent

Simulation training refers to the use of technology that attempts to emulate a physical world through the means of a digital simulated world by creating a surrounding sensory feeling, thereby creating a sense of immersion.

SA must be able to demonstrate the adoption of at least <u>one</u> of the following in its simulation training:

- a) Virtual Reality (VR): refers to immersive computer generated simulations that are entirely self-contained in a virtual world. Examples of headsets that support VR includes Oculus Rift, HTC Vive, etc.
- b) Augmented Reality (AR): integrates immersive content with the real world by providing additional digital content such as information and guidance. Examples of hardware that supports AR include Microsoft HoloLens, mobile phones, Google Cardboard, etc.
- c) Mixed Reality (MR): combines the elements of both AR and VR, where real-world and digital world objects interact. Examples of hardware that supports MR includes Microsoft HoloLens, etc.

Documentation Assessment

The SA must send at least 10% of its total security officers (based on the number of SA's security officers in PLRD's records as of the date of SACE Notification Letter) for the simulation training.

The SA must submit the list of security officers who had attended the simulation training conducted after the SA's last licence renewal date. The SA will be assessed on the following components:

S/N	Components	Y/N
1	SA has sent at least 10% of its total security officers (based on the number of SA's security officers in PLRD's records as of the date of SACE Notification Letter) for the simulation training.	
2	The list submitted by the SA must include the following components: a) Name b) Last four characters of NRIC/FIN No. c) Training Details i. Name of Training Provider (in-house or outsourced service provider) ii. Course Title stating the type of technology used in simulation training iii. Date of Training	

Assessor's Observation

S/N	Components Training Development	Y/N
•	The SA is able to produce training packages with evidence of simulation training in relation to any one of the basic training programs (please choose 1): a) Incident Response b) Guard & Patrol c) Threat Observation	
2	Training Delivery	
	SA can deliver the training packages to its security officers with the use of simulation training (either in-house or outsourced service provider).	
	For training package delivered in-house, SA is required to demonstrate the use of simulation training in the training package (e.g. live demonstration of how VR or AR or MR is used).	
	For training package delivered by a service provider, SA is required to submit the invoice from the service provider, indicating clearly that simulation training	

SECURITY AGENCIES COMPETENCY EVALUATION CHECKLIST:

ELECTIVE COMPETENCIES				
Opera	ational Processes Category			
	petency		Outcome	
E.3:	<u>Job Redesign</u>		Competent / Not	
SA has capabilities to carry out a job redesign of its security officer's job through improvement in work processes or incorporating new technology to enhance productivity.				
	edesign ¹ refers to changing the tasks or the way work is performed (including but no ted to the harnessing of technologies) in an existing job, resulting in higher productive			
proce	ob redesign must be related to security outcome and pertaining to the job function or ss of the security officers. Job redesign for other functions e.g. Human Resource, brate Services etc will not be accepted.	work		
Notific submi	ob redesign must be implemented any time within two years prior to the date of the Scation Letter. For example, if SACE Notification Letter is dated 1 Jul 22, then the SA it a job resign that was implemented between 1 Jul 20 and 1 Jul 22. The SA may urce the job redesign to a service provider.			
<u>Docu</u>	mentation Assessment			
proce	A must submit a write-up of no more than 1000 words on one of the job function or vest that has been redesigned. The SA is to state the word count in the write-up, which include the following components:			
S/N	Components	Y/N		
1	One job function or work process that was redesigned. [no more than 50 words]			
2	How the job function or work process was carried out previously. [no more than 50 words]			
3	How the job function or work process has been redesigned e.g. adoption of technologies, review process/workflow. [no more than 500 words]			
4	Date of implementation [job redesign is implemented anytime within two years prior to the date of SACE Notification Letter]			
5	Evidence of benefits reaped from the job redesign as follows: [no more than 400 words]			
	 a) Manpower savings; and/or b) Man-hours savings; and/or c) Productivity enhancements; and/or d) Cost reduction. 			
		1

COMPETENCY EVALUATION CHECKLIST: ELECTIVE COMPETENCIES

Operational Processes Category	
Competency	Outcome
E.4 : Business Continuity Plan	Competent / Not
SA has a Business Continuity Plan (BCP) to ensure business continuity in a contingency for its Main Office's operations and SA's staff are familiar with the BCP.	Competent

Documentation Assessment

The SA must submit a copy of the BCP for <u>all 4</u> contingencies listed in S/N 1. The BCPs must be reviewed annually.

The BCPs must include the following components:

S/N	7. Type of contingencies:					
1						
	 i. Major disaster (eg island-wide floods, building collapse) ii. IT related incidents (eg cyber attacks) iii. Terror-related incident (eg bomb attack, vehicle attack) iv. Diseases outbreak (eg pandemic) The examples above are not exhaustive. SAs who submit BCPs with examples that are not under the above given examples are to explain why their selected example falls under the selected contingency. For example, an SA selects major disaster and uses the example of haze. 					
2	The BCP must describe and explain how the SA ensures that its business can continue based on the four contingencies.					
3	Roles and responsibilities of the SA's staff (both security and non-security staff) when the BCP is executed.					
4	Plan reviewed annually from the date of the last review.					

Assessor's Observation				

Main Office Assessment (Table-Top Exercise)

The assessors will assess the SA at the main office. SA may select any one of the contingencies listed below:

- i. Major disaster (eg island-wide floods, building collapse)
- ii. IT related incidents (eg cyber attacks)
- iii. Terror-related incident (eg bomb attack, vehicle attack)
- iv. Diseases outbreak (eg pandemic)

SECURITY AGENCIES COMPETENCY EVALUATION CHECKLIST: ELECTIVE COMPETENCIES

SA must submit the Table-Top Exercise Plan to the assessor at least <u>5 working days</u> prior to the assessment.

The Plan must comprise the following components:

S/N	Component	Y/N
1	Type of Contingency	
2	Objectives of Exercise	
3	Participants involved	

<u>Assessor's Obser</u>	<u>vation</u>		
1			

The table-top exercise must be the same as the Table-Top Exercise Plan submitted. During the assessment, the SA will demonstrate how the table-top exercise is conducted. The exercise must be conducted within 2 hours and must demonstrate the following processes:

S/N	Component	Y/N
1	Facilitator to carry out the selected contingency	
2	Facilitator to conduct an AAR	
3	Note taker to document the lesson(s) learnt and corrective measures	

Assessor's Observation	

SECURITY AGENCIES COMPETENCY EVALUATION CHECKLIST: ELECTIVE COMPETENCIES

Operational Processes Category	
Competency	Outcome
E.5 : Security Checks	Competent
	/ Not
SA has the capabilities to conduct bag checks and operate metal detection systems.	Competent

Documentation Assessment

The SA must have at least 10% of the SA's security officers (based on the number of SA's security officers in PLRD's records as of the date of SACE Notification Letter) who have completed the Workforce Skills Qualification (WSQ) on Security Screening Management (Conduct Security Screening of Person and Bag) or completed the Aviation Security Training for General Screener for aviation security officer (AVSO), certified by appropriate authority.

The SA must submit the list of security officers or AVSOs who had attended the training. The SA will be assessed on the following components:

S/N	Components	Y/N
1	SA has at least 10% of its total security officers or AVSOs (based on the number of SAs' security officers in PLRD's records, as of the date of SACE Notification Letter), certified by WSQ or appropriate authority to conduct security screening of person and bag.	
2	The list submitted by the SA must include the following components: a) Name b) NRIC/FIN No. c) Training Details: i. Name of Training Provider ii. Course Title iii. Date of Training	

Assessor's Observation			

Deployment site Assessment

The SA must submit a list of deployment sites (based on PLRD's records as of the date of SACE Notification Letter), where handheld metal detector or walk-through metal detector are deployed with the following components:

S/N	Components	Y/N
1	Name and address of each deployment site	
2	Operating hours of each deployment site	

SECURITY AGENCIES COMPETENCY EVALUATION CHECKLIST: ELECTIVE COMPETENCIES

The SA must submit the list of deployment sites within two weeks of the date of SACE Notification Letter.

Assessors will select 1 deployment site for assessment and inform the SA at least <u>5 working days</u> prior to the assessment. If the SA has no deployment site that requires such screening, the SA may do a mock-up deployment site for the purpose of the assessment and inform assessors on the address of the mock-up deployment site.

Name and Address of Deployment Site/Mock-up Site	

Assessors will conduct 1 physical exercise at the deployment site/mock-up site relating to bag checks and operate metal detection systems. The assessment will cover the following components:

S/N	Components	Y/N	
1	The security officer is able to demonstrate from start to end on the screening process: a) Prepare security screening for duty (e.g. prepare the security equipment) b) Prepare person for security screening (e.g. inform visitor to empty pockets) c) Conduct security screening with handheld metal or detector walk-through metal detector d) Conduct manual screening (pat-down) of person e) Conduct manual bag search f) Conclude security screening activities		
2	The security officer assessed in S/N.1 must have obtained Workforce Skills Qualification (WSQ) in Security Screening Management (Conduct Security Screening of Person and Bag). For AVSOs, they must complete the Aviation Security Training for General Screener certified by appropriate authority. Assessor will verify the skills certification against PLRD's database after the assessment. NRIC/FIN Name of security officer

SECURITY AGENCIES COMPETENCY EVALUATION CHECKLIST: ELECTIVE COMPETENCIES

The assessment will cover the following components:

S/N	Components	Y/N
1	The security officer must demonstrate evidence that he may access SOPs anytime and anywhere using a mobile device. Examples of mobile devices include hand phone, tablet, laptop. Desktops will not be accepted.	
2	The electronic repository must include all of the following documents: a) Deployment of security officers at that site: i. Duties of security officers that is site specific ii. Location of where the security officers are deployed at that site b) The SOPS: i. Fire Emergencies ii. Bomb threat iii. Suspicious Persons, Vehicles, Activities and Objects	

Assessor's Observation	

Opera	ational Processes Category		
	petency		Outcome
<u>E.7 : \$</u>	Service Buyer Management Process		Competent
	as processes in place to monitor the quality of its security services to its ce buyers.	s	/ Not Competent
<u>Docu</u>	mentation Assessment		
The S	A must submit the following documentary evidence:		
S/N	Component	Y/N	
1	Service Delivery Guidelines outlining the process on how the SA ensures the delivery of quality of services to its service buyers which should include: a) Security related performance indicators for all contracts b) Regular meetings with service buyers to review security related performance indicators. The meeting should be held at least once a year or in accordance with what was stipulated in the service contract, whichever's stipulated frequency is higher. c) Process on how action plans are developed to mitigate or rectify any underperforming security related performance indicator		
2	Feedback Management Guidelines outlining the following: a) Feedback Form for service buyers on the delivery of service b) Feedback Collation with a system that is minimally a digital spreadsheet (e.g. Excel spreadsheet) for collation of feedback from clients. Handwritten paper records, and/or photographs and/or scanned copies of handwritten records will not be accepted. c) Feedback Analysis conducted by the SA to follow up on feedback received from service buyers d) Feedback Loop by SA to close the loop with service buyers on any follow up conducted based on client feedback		
3	List of service buyers whose contract period falls within the two years prior to the date of the SACE Notification Letter. The list must also contain the following details: a) Name of service buyer b) Email address c) Contact number d) Start date of contract e) End date of contract		
Asses	ssor's Observation		

SECURITY AGENCIES COMPETENCY EVALUATION CHECKLIST: ELECTIVE COMPETENCIES

Main Office Assessment

The assessor will randomly select 1 service buyer for the SA to demonstrate the start to end process outlined in the Service Delivery and Feedback Management Guidelines. The assessor will inform the SA at least <u>5 working days</u> prior to the assessment on the selected service buyer.

S/N	Component	Y/N
1	SA is able to demonstrate that the process in the Service Delivery Guidelines is	
	carried out for the selected service buyer	
2	SA is able to demonstrate that the process in the Feedback Management	
	Guidelines is carried out for the selected service buyer

SECURITY AGENCIES COMPETENCY EVALUATION CHECKLIST: ELECTIVE COMPETENCIES

Command, Control and Communication (C3) Category	
Competency	Outcome
E.8 : Supervision	Competent / Not
SA has a system which enables remote supervision of its security officers.	Competent

Main Office Assessment

The SA must demonstrate evidence on the use of technology to facilitate real time remote supervision of its security officers.

Assessors will conduct verification during the main office assessment.

The remote supervision must cover both i) real time electronic attendance taking and ii) real time remote supervision.

The assessment will cover the following components:

S/N	Components	Y/N
	i. Real Time Electronic Attendance System	
1	SA has a real time electronic attendance taking system that covers at least 30% of the SAs' deployment sites (based on the number of SA's deployment sites in PLRD's records as of the date of SACE Notification Letter) (i.e. verification of attendance through phone calls is not accepted) centrally monitored at its Command Centre or Ops Room.	
	ii. Real Time Remote Supervision	
2	SA has an independent secured electronic system that allows real time remote supervision of security officers, centrally monitored at its Command Centre or Ops Room with all of the following components: a) The electronic system has visual capability to allow supervisors to conduct independent checks on the security officer's safety and alertness at the deployment sites b) Tracking of the security officers' completion of duties at the deployment sites (eg: completion of patrol routes, completion of access control duties at guard house) c) The number and addresses of the SA's deployment sites d) The number of security officers deployed at each of the SA's deployment site e) The names of security officers deployed at each of the SA's deployment site	
	The system must cover at least 30% of the SAs' deployment sites (based on the number of SA's deployment sites in PLRD's records as of the date of SACE Notification Letter). SA must provide documentary proof to the assessors if all the deployment of SOs is only for static duties. (eg: SOs only deployed at the guard house)

SA has video analytics capabilities.	Competent

Main Office or Deployment Site Assessment

motion detection capabilities.2

The SA must submit a list of deployment site(s) whereby video analytics was deployed, which must include the following components:

Video analytics refers to computer-based analytics of video built on computer vision and video

S/N	Components	Y/N
1	Name and address of each deployment site	
2	Address of location where video analytics is being monitored	
3	Operating hours of each deployment site	
4	Type of video analytics deployed at each deployment site namely:	
	a) Feature recognition or pattern; or	
	b) Pattern or movement recognition; or	
	c) Calculation and density assessment.	

The SA must submit the list of deployment sites **within two weeks** of the date of SACE Notification Letter.

Deployment sites without any security officers deployed can be accepted for assessment. The SA must state clearly in the list should there be any such sites and submit supporting documents (eg: contracts with clients) as proof that there are no security officers deployed.

Assessor's Observation		

The SA must demonstrate evidence of the use of video analytics capabilities to deliver effective security outcomes.

Assessors will conduct verification during main office or deployment site, depending on the location where video analytics is being monitored, as declared in S/N.2 above.

² Enterprise Singapore (2019). *Technical Reference: Video Analytics within video surveillance systems TR 69: Part 1: 2019*, Pg 9

SECURITY AGENCIES COMPETENCY EVALUATION CHECKLIST: ELECTIVE COMPETENCIES

The assessment will cover the following components: Components Y/N SA may select at least one type of video analytics deployed at the deployment site from the list below a) Feature recognition (eg: facial recognition, identification of make and model of vehicles, automatic number plate recognition) or b) Pattern or movement recognition (eq: detection of objects, trespassing by people, vehicles or objects, detection of specific human behavioural pattern such as loitering, fights etc) or c) Calculation and density assessment (eg: people and/or vehicle counting, calculation of people and/or vehicle density). The assessors will select 1 deployment site of each SA for verification and inform the SA at least 5 working days prior to the assessment. The staff operating the video analytics must demonstrate the features and describe the purpose of the video analytics usage selected in S/N 1. Name and Address of Deployment Site **Assessor's Observation** (To state reasons if any of the components are not present)
