[1] Total mid-year population estimates in 1996 refer to Singapore residents (citizens and permanent residents) only .

Total mid-year population estimates in 1997 include Singapore residents and non-residents.

Total mid-year population estimates in 1998 - 2006 comprise of Singapore residents and foreigners staying in Singapore for at least one year.

From 1990 to 1999, data have been revised following the Census 2000 register-based approach. Figures from 2001 adopt the same concept. (IP amended in 2006) [Source : Yearbook of Statistics Singapore, 2006]
