Notes:

Prior to 1983, there was no distinction made between light goods vehicles and heavy goods vehicles. Therefore, all the goods vehicles were grouped under light goods vehicles as majority of them were light goods vehicles. With effect 1 April 1998, light goods vehicles are <= 3,500 kg (max laden weight) for newly registered by road tax. [Source: Land Transport Authority]

[1] Including taxis, school taxis and private hire cars.

[2] Including other goods vehicles.

[3] Including road rollers, tractors, hearses, tuition lorries and cranes, exempted lorries and tippers and vehicles used for other specific purposes.
